CLASSES ON-GOING DURING COVID-19

As the COVID-19 pandemic hit globally and the Safer-At-Home order was issued in California in March 2020, Angeles College has continued to offer classes to its current students and was able to open new cohorts since.

Initially, adaptations were made to use Canvas as a Learning Management System for a synchronous, hybrid education. Live video conferences are done using Zoom or Google Hangouts.

On-campus foot traffic was limited and necessary precautions were initiated, such as: Temperature Checks, Hand Sanitizer Stations, purchase of Personal Protective Equipment (PPE), Virtual Lab & Clinical Simulation subscription & installation of High-Fidelity Simulation Mannequins.

Courage is not having the strength to go on; it's going on when you don't have the strength.
